# U.S. EXPORT SALES

- Outstanding Export Sales  
(Unshipped Balances)  
On July 13, 1975
- Export shipments in  
Current Marketing Year
- Daily Sales reported  
July 14 - 22, 1975

--As Reported by Exporters

Readers of this release are cautioned that it reports sales commitments outstanding as of the date indicated, all of which are subject to modification, deferral or cancellation by mutual agreement of the parties. It is unlikely that all reported quantities will be exported. Our experience with this monitoring system suggests that sales are apt to exceed exports, sometimes by substantial amounts, during periods when supplies are in balance with expected demand. Actual shipments to date may provide a more reliable measure of current export activity. A meaningful export projection is not obtainable by the simple device of adding outstanding sales commitments to exports to date.

EXPORT SALES REPORT

Comments on release of July 24, 1975 (based on reports from exporters during the week ending July 13, unless otherwise noted):

SOVIET GRAIN PURCHASES: During the period July 14-22, the following sales to the USSR were reported under the daily reporting system: 4.17 million metric tons (MT) of wheat (including 3.0 million MT of optional origin), mostly for shipment through June 1976; 4.5 million MT of corn and 1.1 million MT of barley (all of both optional origin) for October 1975-August 1976 shipment. In addition, Canada has announced the sale of 2.0 million MT of wheat to the USSR for November 1975-August 1976 shipment (including .5 - .6 million MT that may be diverted to Cuba), and Australia has announced the sale of 750,000 MT of wheat to the USSR for August 1975-August 1976 shipment.

Wheat: The apparent export commitment (cumulative exports plus outstanding sales) for 1975/76 increased by 335,000 metric tons. Commitments to the European Community (EC) increased by 134,200 MT, while commitments to the USSR, Peru, and India were higher by 85,000 MT, 68,500 MT, and 41,900 MT, respectively.

Feedgrains: Total corn commitments for 1974/75 increased by 8,700 MT, with a decline in the commitment to the EC of 45,200 MT more than offset by minor increases to other destinations. Total sorghum commitments increased by 28,600 MT, with higher commitments to the EC and Mexico of 62,700 MT and 40,400 MT, respectively, partially offset by a decline in commitments to unknown destinations of 48,400 MT and small declines to several known destinations. For 1975/76 shipment, total corn commitments rose by 337,600 MT, with major increases being reported to East Germany, the EC, and Poland of 127,000 MT, 72,600 MT, and 40,600 MT, respectively.

In addition to the Soviet purchases mentioned above, the following sales were reported under the daily reporting system during the period July 14-22: 177,814 MT of corn for November 1975-May 1976 shipment to an unknown destination; and 106,680 MT of corn to the Netherlands for January-June 1976 shipment.

Rice: The apparent export commitment for 1974/75 rose by 5,400 MT on the basis of minor changes to several destinations.

Soybeans: The apparent export commitment for 1974/75 increased by 67,000 MT, primarily on new purchases by EC countries, including the following: Denmark, 14,200 MT; United Kingdom, 15,200 MT; the Netherlands, 8,700 MT; and West Germany, 37,700 MT. Sales to EC countries for delivery in 1975/76 increased by 230,000 MT.

Soybean Meal: As exports declined to 28,900 MT (the lowest weekly level since mid-May), the apparent export commitment for 1974/75 declined by 69,000 MT. Cancellations or deferrals of sales to the EC totaled 60,000 MT and accounted for most of the reduction. Outstanding sales to unknown destinations represent more than half of total outstanding contracts for delivery in 1975/76. Soybean meal consumption in West Germany and Austria in the first half of the season was about 10 percent or 100,000 MT above last year's levels.

Soybean Oil: The apparent export commitment for 1974/75 declined by 5,300 MT as soybean oil exports fell sharply and totaled only 500 MT. The commitment to the Netherlands declined by another 5,000 MT on further cancellations of contracts. West German exports of soybean oil increased from 112,000 MT in October 1973-April 1974 to 159,000 MT during the same months of 1974/75 as cheaper palm and coconut oils made major inroads in the domestic market.

Cotton: After 2 weeks of relatively large exports of 95,000 and 125,000 running bales (RB), only 54,000 RB were shipped during the week, including the following: Republic of Korea, 15,000 RB; Japan, 10,000 RB; and Republic of China (Taiwan), 9,000 RB. Also included were 1,900 RB of American Pima cotton of which 1,300 were shipped to West Germany. Cumulative exports during 1974/75 now total 3.5 million RB. Sales for 1975/76 shipment increased by 7,000 RB and now total 737,000 RB.

Barley	USSR	1,100,000 4/ 5/	75/76 ✓

1/ Includes transactions covered by Section III A of Notice to Exporters No. 1, Revision 2, dated March 6, 1975 and announced by USDA in press releases on July 16, 17, 21, and 22. 2/ 2,400,000 M.T. optional origin sales. 3/ 600,000 M.T. optional origin sales. 4/ All optional origin sales. 5/ Provides option to export corn.

Optional origin contracts are defined in the "Export Sales Reporting Regulations" as contracts under which (1) the exporter has the option of exporting the commodity from the United States or from one or more other exporting countries or (2) no origin country is specified.

If the reporting exporter later exercises his option to export from the United States, the quantity involved will appear as an outstanding export sales. However, if he exercises his option to export from another country, the quantity will disappear from the report.
